Excursion, Camping and In-School Activity Policy

Rationale

Our excursion, camping and in-school activity programs enable students to further their learning and develop their personal & interpersonal skills, in new environments. Excursions, camps and in-school activities complement, and are an integral aspect of the educational programs offered at our school. Principles To reinforce, complement and extend learning opportunities beyond the classroom.

To develop an understanding that learning is not limited to school, and that valuable and powerful learning takes place in the real world.

Implementation

- An excursion is defined as any activity beyond the school grounds. In-school activities invite experts into Stella Maris to offer opportunities to the students, within the school setting.
- The principal must approve all excursions and in-school activities. In doing so, the principal will determine a schedule of excursions and activities for the school year and will ensure that all excursions and activities are maintained at a reasonable and affordable cost.
- The budget for excursions will be ratified by the School Advisory Council to determine an 'Excursions Levy' each year.
 - All endeavours will be made not to exclude students simply for financial reasons. Parents experiencing financial difficulty, who wish for their children to attend an excursion, will be required to discuss their individual situation with the Principal. Decisions relating to alternative payment arrangements will be made by the Principal on a case-by-case basis.
- The schedule of excursions and in-school activities will be communicated in term letters to parents and will be updated on a need's basis.
- Teachers will provide parents with a more detailed description of excursions, at least one week prior to the date of the excursion, outlining dates, an overview of times and activities, means of transport, uniform and lunch expectations, and attach it to the Operoo.
- Prior to any child attending an excursion, parents/guardians must have returned to the school via Operoo permission.
- Parents of non-English speaking families are able to seek clarification from the school to allow them to make an informed consent to their children attending excursions and participating in in-school activities.
 - The use of private motor vehicles should be avoided. When a private motor vehicle is to be used to transport children, the parent/guardian of each student is to be advised of the name of 2 the driver and the number plates of the vehicle. Evidence of Comprehensive Insurance

- Special Care must be taken to ensure that if movies are shown on Camps or at school, that they have a rating of g. If teachers wish to show a PG movie for a specific purpose, the parents must be contacted in writing and permission slips signed and retained by the school.
- The Principal will ensure that the groups are registered on the Student Activity Locator, in case of emergency or critical incident.
